Sandhills Marathon

Course Description

This year's **Sandhills Marathon** will begin near the west end of the Brownlee Road, where it meets Highway 97, between Mullen and Valentine. The Road, a one-lane blacktop, winds south-east through the Wamaduze Valley until it reaches the town of Brownlee (unincorporated), then runs east along the north bank of the North Loup River. The course finishes on Highway 83, between Mullen and Valentine.

The **Half Marathon** will begin at the half-way point about the time the full marathoners are reaching that point. The courses are mainly flat with the road traveling through valleys between rolling Sandhills on either side. There are a few hills, but only a couple that are substantial.

Limited **transportation** will be provided to and from the course.

Aid Stations

Water will be available about every 2-3 miles along the route. **Gels** will be available at water stations later in the race. **First aid** supplies will be available at all aid stations.

Stragglers' Wagon

A car will follow the runners to assist with anyone who is unable to continue.
